Plan Management Explained

Plan Management is a service fully funded through the National Disability Insurance Scheme to NDIS participants to help them effectively manage their NDIS funds and ensure that they receive the supports and services outlined in their NDIS plans. Plan Management funding is **subject to individual requests, NDIA rules, and plan approval processes**.

A plan manager can:

- Increase your financial and plan management skills
- Submit claims to the NDIA
- Pay providers
- Help you comply with NDIS rules and regulations
- Offer greater choice by enabling access to registered and non-registered providers
- Send monthly activity statements
- Offer budget management tools

Budget Tracking & Forecasting

24/7 Participant Portal: Our participants have access to a secure 24/7 online portal, available on desktop and mobile devices, allowing real-time visibility of their NDIS funding. Participants can track their budgets, view funding balances, monitor spending, and receive live updates on invoices and services. The portal also provides the ability to approve or decline invoices, access monthly statements, and review delivered supports, ensuring greater transparency and control over their plan.

Budget Forecasts: We provide budget forecast documents that are readily available upon request. These documents offer participants valuable insights into their funding projections, enabling them to plan and allocate resources effectively.

Accurate & Compliant Payments

Accuracy: Enabled4Life places an emphasis on accurate & timely NDIS claiming. We commit to the prompt processing of NDIS-compliant invoices and distribution to your service providers within just two business days from the approval of a claim by the NDIS.

Compliance: Providers who deliver supports and services under the NDIS must operate and comply with relevant Australian laws, rules and regulations. Enabled4Life is committed to ensuring your service providers adhere to these compliance measures.

Our commitment to accuracy and compliance is designed to guarantee that your service providers receive timely payments, thus ensuring uninterrupted support and services and to safeguard NDIS plan funding where possible.

Professional & Experienced Support

Professional Support Team: Enabled4Life is passionate about the NDIS, participants, and their support networks. We have a dedicated, caring, and friendly team of professionals ready to support you on your NDIS journey by providing a personalised and responsive service.

Experience: Enabled4Life's knowledgeable support team plays a vital role in simplifying the NDIS journey for participants. Our expertise, guidance, and support contribute to a smoother, more efficient, and more effective NDIS experience, ultimately helping participants achieve their goals and improve their quality of life.

Monthly Statements & Document Storage

Activity Statements: At the beginning of each month, Enabled4Life issue activity statements that provide a comprehensive overview of your transactions and category budget utilisation over the course of a monthly period. These statements offer detailed insights into your financial activities and expenditure, enhancing your understanding and control of your NDIS plan.

Document Storage: Enabled4Life's document storage offers significant advantages in terms of organisation, efficiency, compliance, transparency, data security, audit readiness, and potential cost savings. These benefits contribute to the smooth and effective management of NDIS plans.
